

# SUMMER READING & MATH CAMP

Dear Parent/Guardian,  
We are pleased to let you know that your Kindergarten through 3rd grade student has first priority for a slot in the district's summer Reading and Math Camp.

The program location is to be determined.

Bus routes will be developed and you will receive a call to let you know when and where your child needs to catch the bus. If they ride a bus during the regular school year then, they will catch a bus at their normal bus stop. If your student normally walks to school, then their bus stop will be at their home school.

## SUMMER READING & MATH CAMP 2021

We are excited to offer your student this two to five week program that includes theme based reading and math instruction.

Our program is specifically designed to prevent summer learning loss while providing an exciting learning experience to improve reading and math skills for your K-3rd grade student as they prepare to move to the next grade.

Small class sizes with both a teacher and paraeducator will allow each student to:

- Read and do math every day
- Participate in small group instruction
- Become more fluent readers
- Create fun crafts
- Take home books and math games

Please return the form to your child's school by **March 26<sup>th</sup>, 2021.**
